Education

Mahatma Gandhi Kashi Vidyapith

Bachelor of Computer Applications

July 2022 – July 2025

Varanasi, Uttar Pradesh

Experience

Topperworld

Web Developer Intern

May 2024 – June 2024

Remote

- Engineered and optimized user-facing applications, boosting load time efficiency by 20%.
- Collaborated with designers to implement responsive, user-friendly layouts across devices.
- Worked in a cross-functional team, utilizing Git for version control and project management.

VeriTech Software IT Services

Web Developer Intern

April 2024 – June 2024

Remote

- Crafted and maintained user-friendly, responsive web pages, enhancing engagement and page load efficiency.
- Enhanced web layouts and styling to align with brand guidelines, ensuring a consistent user experience across devices.
- Utilized JavaScript to implement interactive elements, such as responsive forms and real-time content updates, enhancing user interaction and overall usability.

Projects

Language Translator App | *HTML, CSS, JavaScript, React.js*

October 2024

- Designed and launched an interactive language translation app with React.js, enabling multilingual translation and text-to-speech functionality..
- Integrated MyMemory Translation API into the language translation app, enabling seamless translations across 50+ languages.
- Developed text-to-speech functionality using the Web Speech API, providing voice playback of translated text in the target language.
- Added speech recognition capabilities, enabling voice input to enhance accessibility.

Weather App | *HTML, CSS, JavaScript, React.js, Material UI*

September 2024

- Built and deployed an interactive weather application, integrating OpenWeathermap API to provide real-time weather data.
- Integrated OpenWeathermap API to display accurate weather conditions, including temperature, humidity, and wind speed.

Flipkart Clone | *HTML, CSS, JavaScript*

June 2024

- Created a functional e-commerce website simulating Flipkart, using HTML, CSS, and JavaScript to create an interactive UI.
- Implemented a shopping cart, allowing users to add items and view the total price dynamically.

Technical Skills

Languages: HTML, CSS, JavaScript

Developer Tools: VS Code, Chrome DevTools, Git, GitHub

Technologies/Frameworks: React.js, Material UI

Other Technologies: RESTful APIs, JSON, Responsive Web Design, Deployment (Netlify, GitHub)

Hobbies

Dancing: Engaged in various dance styles that enhance physical fitness and discipline.

Listening to Music: Enjoy exploring diverse genres, which fosters relaxation and creativity.

Achievements

Tata Imagination Challenge: Selected for the first round, showcasing creativity and critical thinking in a competitive environment as an individual participant.

Flipkart Grid 6.0 Robotics Challenge: Advanced to the first round, showcasing proficiency in robotics as a solo competitor.
